RESPONSE TO RESTRICTION REQUIREMENT

Sir:

This is in response to the Office Action dated April 2, 2004, imposing a restriction requirement in the above-identified application.

REMARKS

The Examiner has required election of a single disclosed invention for prosecution on the merits in this case. The Examiner alleged the existence of two patentably distinct inventions:

Group I:	Claims 1-13, drawn to an ABS resin, classified in class 521, subclass 41; and
Group II:	Claims 14-25, ¹ drawn to a process for producing a recycled ABS alloy resin, classified in class 264, subclass 141.

¹/While the specific listing of the claims that are in Group II has been omitted from the Restriction Requirement, the Examiner confirmed in a subsequent telephonic interview that Group II includes claims 14-25.

Applicant hereby provisionally elects Group II, claims 14-25, with traverse.
